

a truly unique partnership

# INTRODUCTION

The Anglia Revenues Partnership is a truly unique partnership delivering the Revenues and Benefits Services for five partner local authorities as equals rather than a separate entity charging for services.

The partnership allows us to take the best practice and experience from each of the five council districts. Taking the very best from each partner to deliver the best services, the ARP is able to focus staff in becoming experts in their field and further their career development.

Recently we have seen the added pressures brought on by the cost of living crisis. The ARP are a central force in ensuring that residents and businesses receive the help and guidance they need and are entitled to.

In recent years, the partnership has broken new ground and become leaders in automation. This has been achieved by piloting new and improved ways of working, introducing new functionality and acting as a reference site for other local authorities across the UK.

A clear mission to improve the customer journey remains at the forefront of the ARP's objectives. With a digital service available 24 hours a day for our customers and a reduction in the amount of manual data input required for our colleagues.

At the heart of the organisation is of course our staff, of which many have worked at the ARP since its inception. Together they are pioneering innovative ways of working at a time of great change in how Local Government Services are delivered.

# Size of partnership

The Anglia Revenues Partnership is the largest revenues partnership in England continuing to look for innovative ways of reducing costs, while improving services, with a focus remaining on excellent customer service.

- As an organisation the ARP has the third largest
- Revenues & Benefits caseload in the country ,
- only exceeded by the large urban authorities of
- Birmingham and Leeds.
- 
- 

	Ctax Properties	Business Rates	Housing Benefit	Total
Birmingham	455,410	47,910	67,571	570,591

## ARP provides the following services to partner Councils

- Collection of Council Tax
- Collection of Business Rates
- Administration of Housing Benefit
- Administration of Local Council Tax Support (introduced on 1 April 2013)
- Fraud and Compliance
- ARP Enforcement (previously known as Bailiff Services) across the partner council areas
- Consultancy Services

The Partnership continues to take on new innovations beneficial to ARP Partners, our businesses, families and communities.

However, it needs to be stressed that ARP is not simply a money collecting agency. Through administering Council Tax Support (CTS) and Housing Benefit on behalf of the Partners, it provides low income working age families and pensioners with a means tested Housing Benefit to assist with rent and a reduction on the amount of council tax they have to pay.

By working together through this partnership, the councils are reducing costs and providing a more efficient, effective service.

The aim of the partnership is to run an efficient Council Tax and Business Rates Collection service and to assess Housing Benefit and Council Tax support, while reducing administration costs to each partner council.

## How the Partnership has developed

**2003**

Breckland District Council and Forest Heath District Council first combined their Revenues and Benefits services to form the ARP.

**2007**

East Cambridgeshire District Council joined the partnership

**2011**

St. Edmundsbury Borough Council joined the Partnership

**2014**

Fenland District Council joined the partnership

**2015**

Suffolk Coastal and Waveney District Councils joined the Partnership

## From April 1st 2019 – Four Partners become two Councils

- St. Edmundsbury Borough and Forest Heath District Councils merged to become West Suffolk Council.
- Suffolk Coastal District and Waveney District Councils merged to become East Suffolk Council.

ARP promises to continue to provide the same high quality of service and ongoing savings for the partner councils.

# ARP'S CORE PURPOSE

At the heart of ARP's role is the maximisation of income from Council Tax and Business Rates, amounting to £800 million per annum, alongside the delivery of Housing Benefit and Council Tax Support.

The Anglia Revenues Partnership (ARP) has delivered over £3 Million in efficiencies to the partners through innovative working, including the introduction of the ARP Enforcement Agency (ARPE). Those efficiencies are demonstrated as an individual council's cost as a partner of the ARP has been, to 2023/2024, the same, or less, for the delivery of their service than it was 10 years ago.

The members of the Joint Committee have agreed the ARP look to work with other Councils and public bodies to deliver specific services in partnership.

The initial areas offering future opportunities for partnership working include:

- Resilience services to assist other councils with backlogs
- Fraud and Compliance services for public sector bodies
- Enforcement and debt collection services
- Consultancy services
- Tenancy fraud investigation services

# OBJECTIVES

- A strategic plan for the wider impact of revenues and benefits changes and proposals for businesses, families and communities.

## Enforcement Agency

In 2015 the ARP Enforcement Agency (ARPE) was set up. The ARPE team works much more closely with the Council Tax and business rates teams than external providers are able to.

We are better able to respond in cases where vulnerable people are involved, to help those who are genuinely having difficulty in paying, and where appropriate, the team can withdraw statutory fees.

Debtors are asked to enter into arrangements that are affordable and take account of new debt from new year Council Tax bills. The enforcement actions seek to help debtors to find ways to break their current cycle of debt through referral to agencies and through ongoing dialogue.

In addition to providing a more responsive and compassionate service, the statutory fees collected provide a net income. This income can now be used to reduce the cost of the partnership to each Council.

## Fraud and Compliance

When the DWP introduced the Single Fraud Investigation Service many Councils transferred their entire fraud investigation resource to the DWP. The ARP retained part of the team to investigate Council Tax Support cases and other Council Tax discounts and exemptions as well as Business Rates and Tenancy Fraud.

The fraud and compliance activities carried out by the ARP Fraud team, along with other further recovery initiatives, identified fraud exceeding £2.5 million last year, and the cost of staff providing these services is shared by the County Councils.

# GOVERNANCE

As its name suggests, the Anglia Revenues Partnership is a pure partnership, not a legal entity in its own right, sharing resources for the administration of Revenues and Benefits.

Governance of the ARP is provided through a formal reporting structure of one elected member representing each partner council, called the Joint Committee.

The Operational Improvement Board (OIB) consists of one director from each partner council, reporting to the Joint Committee.

# VALUES OF THE ARP

Like any organisation committed to providing a high quality, efficient service, our workforce is the lifeblood of the Anglia Revenues Partnership.

A total of over 280 people work for the ARP hybridly across four ARP sites at Thetford, March, Melton and Lowestoft, using a single integrated network whichever office they are based at. With processes and procedures aligned across the four locations, staff are allocated to any area of the partners' outstanding work.

## Positive Engagement

One team, sharing information to create positive change

## Thinking Dynamically

Championing ideas to deliver improved services for our community

## Efficient and Excellent

Delivering outstanding cost efficient services through improved technology

## Respect and integrity

Across the partnership demonstrate respect, dignity, integrity, empathy and politeness to all

## Taking Pride

Being proud in who I am, what I do and how I do this for all of us

# OUR PEOPLE

Unlike most organisations, the ARP is a Partnership made up of five councils and staff all employed by these partner councils although managed by the ARP providing our services.

## Professional Qualifications and modern ways of working:

All staff are able to work from any of the four office locations, including agile working from other offices, remote bases or homeworking.

This effective use of technology not only allows more flexible working on behalf of the staff.

this allows for a better work/life balance - it also saves on travel time/costs, helping reduce our carbon footprint.

Working for the Anglia Revenues Partnership gives opportunities for training and development, including career pathways to qualifications from professional bodies, such as IRRV (Institute of Rates Revenues and Valuation).

# KEYS TO THE SUCCESS OF THE ARP

**There are many reasons behind the success being enjoyed by the Anglia Revenues Partnership.**

- ▶ Introduction of generic working with multi- skilled staff who are Council Tax, Housing Benefit and Local Council Tax Reduction trained.
- ▶ Aligning processes and procedures across the partnership.
- ▶ Working with Software Providers to improve and develop working methods including automation.
- ▶ Involvement with national initiatives and Government departmental steering groups working closely with the Local Government Association (LGA). For example moving across to Universal Credit full service.
- ▶ Residents and businesses are reaping the benefits of dealing with their council tax and benefits on-line, actively embracing the use of new technology and encouraging 'channel shift'. Successfully moving customers away from time-consuming and expensive face-to-face interactions or telephone calls to using more efficient 24 hour web-based services.
- ▶ Innovative high-profile campaigns to make paper bills a thing of the past and encouraging people to sign up for on- line 'self service'.
- ▶ External experts have been used to carry out UX (User Experience) Testing when the ARP developed its new website reducing the number of 'clicks' the customer carries out for the website to be transactional, and get to do what they need to as quickly and easily as possible, using understandable language.
- ▶ ARP sends out over 1million notifications a year including some 425,000 just at year end. The Partnership was able to negotiate a competitively priced external mailing service to reduce the cost of traditional letters to the best competitive rates on the market.
- ▶ The Partnership has built close working relationships with stakeholders, including Citizens Advice, Housing Associations, Private Landlords and welfare groups.

# WORKING WITH US

The ARP has always been a great partner to work with and their input into our product development has been very valuable.

ARP now have a very flexible service delivery model offering staff a choice of four office locations and home working.

Dave Young, CAPITA

Critiqom has found working with the ARP invaluable when reviewing and developing our own product offering as ARP have always valued best practice in the industry and have been instrumental in giving feedback to new products or service improvements. ARP bring a true collaboration approach on behalf of the councils they represent to ensure optimum service levels and value for money are achieved.

Agnes Williamson, Head of Customer Services Critiqom Ltd.

The Anglia Revenues Partnership (ARP) have worked alongside the Department for Work and Pensions (DWP) for numerous years specifically attending and participating in the Local Authority Partnership Engagement and Delivery (LA-PED) division's engagement groups. Both the Practitioners Operational Group (POG) and the Local Authority Welfare Steering Group (LAWSG) consult on upcoming changes and current issues local authorities are facing. ARP contribute valuable insight into both POG and LAWSG providing LA-PED with information and feedback to decisions which directly affect LAs.

Darren Baker, Engagement and Delivery, DWP
