

HELP WITH HOUSING COSTS

Is the amount of help you get from Housing Benefit or the Housing Element of Universal Credit not enough to meet your rent?

You might be entitled to a Discretionary Housing Payment.

Did you know we can also make a Discretionary Housing Payment, if you get help with your rent from Housing Benefit or Universal Credit, when;

- Rent arrears are preventing you from moving to a more affordable property
- You are at risk of losing your home because of rent arrears
- You want to move to a more suitable property but can't afford the rent in advance payments or deposit

For more information or to apply for Discretionary Housing Payment, please visit our website www.angliarevenues.gov.uk
